TOM LAEY IN UNUSUAL CASE

Former Calumet Man Attorney for
Milwaukee Man-Girl

In his very able defense of Miss Cora Anderson, alias "Ralph Kerwin," who was yesterday given her liberty by Judge Page of Milwaukee, after having been held for several days on a disorderly charge, Attorney Thomas Laehey, formerly of Calumet, now a legal practitioner in the Green City, attracted much favorable attention.

The case was one of the most unusual on record and aroused much comment in all parts of country. The defendant, Cora Anderson, for twelve years successfully impersonated a man, did a man's work as a stock clerk in the establishment of the Cutler-Hammer company of Milwaukee, associated with men, acquired men's habits, even to publicly smoking cigarettes and drinking occasionally at public bars and finally was a last great test of her skillful masquerading, wood and the heart of one of her own sex, Miss Dorothy Klenowski, marrying her almost in open defiance of Wisconsin's recently enacted eugenics law. The two lived together as "man" and wife for several months before detectives, following rumors that had been current for some time, finally caused the arrest of the defendant and ascertained the facts.

Although no specific charge was lodged against the girl, the court probed the circumstances of her alleged marriage, also her record during the long period in which she posed as a man. Attorney Laehey finally convinced the court that in assuming the guise of a man, Miss Anderson had been actuated by moral and financial reasons that she had lived an exemplary life as such, and never made overtures to any others to do wrong, and that she had innocently induced Miss Klenowski into the mock marriage.

The case was dismissed when the court was informed the masquerader would resume the life of her sex and return to her occupation as a nurse.

BUSINESSMEN CONFER.

Early Closing Agreement Meets With Favor. Meet Again Friday.

An informal meeting of the businessmen of Red Jacket and Laurium in the Red Jacket council chambers last evening, resulted in an enthusiastic endorsement of the early closing project which was taken up some time ago. There was practically no opposition to the agreement. The meeting was called by President Johnson Vivian and Secretary J. J. Sullivan of the Businessmen's association which was formed early last summer.

Other matters of interest came up for consideration and the businessmen seemed very anxious to get together and co-operate to a greater extent in the promotion of their mutual interests.

Committees were named to consider other matters of interest and they will report at another meeting of the association to be held in the Red Jacket council chambers next Friday evening.

We Repeat

We repeat that if a poor watch is a poor investment a good watch is a good one. It is as two and two. We have never carried the cheap, bargain counter watches, not because of any "foolish" reasons, but for the very good reason that we know there is no money in them. We have a reputation to sustain and every one we would sell would be the making of one certain enemy and that one would make many more—the result would do us more harm than ten times the profit on the watch. We make a most reasonable profit on good, standard watches and every purchaser is a life-long advertisement. Don't you think we have it figured out about right? Good watches from \$5.50 up.

BUSY YEAR IN AHMEEK VILLAGE

Level of Several Streets Will Be
Raised This Summer

Plans are being considered by the AhmEEK council which will make this a busy year in that energetic little municipality. The principal projects to be taken up are the raising of the level of the streets in the north end of the village, especially Hubbell avenue and the further beautifying of the village park. Because of the recent strike, which has brought some hardship upon residents of the village, it is unlikely the plans for installing a modern water system, which was considered last year, will be taken up.

It has been found that the level of the streets in the north end of the village is so low that frequently in the spring they are covered with surface water from surrounding property, so much so that the Venetian gondola would prove a very useful adjunct to travel. Now the council plans to fill in these low streets, establish a crown in the roadway which will facilitate the draining of the streets and possibly by a thin wearing surface of macadam.

Additional shade trees will be planted in the village park and further steps will be taken to beautify that pleasure spot.

The search for an adequate water supply which may be piped to the village probably will be resumed next year.

MASS MEETING TOMORROW.

Good Speakers for Anti-Socialist League Meeting at Armory.

The Finnish Anti-Socialist league has completed plans for the big public mass meeting tomorrow afternoon in the Calumet Light Guard armory to acquaint the citizens of Calumet and the copper country with its purposes and aims. Attorney W. J. Galbreath will be the principal speaker in English and J. H. Jansberg of Hancock will speak in Finnish. There will also be music numbers, including selections by a quartette from the Portage Lake Glee club. The public is cordially invited to be present.

Next Saturday afternoon at the Finnish hall on Eighth street, steps will be taken under the auspices and direction of the league, with the assistance of Prof. Leo M. Geismar of Houghton to organize a branch of the farmers grange for Calumet and the north-end district.

PLANS FOR COLOSSEUM.

Newly Elected Directors Will Meet Monday to Name Officers.

Plans for summer activities at the Colosseum, the installation of a floor suitable for roller skating, the opening of the big rink for this pastime, and possibly for the bringing to Calumet of big attractions which may be staged in the rink, will be taken up by the newly elected board of directors of the Calumet Storage company, owners of the rink, next Monday. This will be the most important meeting since the close of the first ice skating season which was highly successful. The directors will elect officers for the ensuing year at this meeting.

All of last year's directors have been re-elected by the stockholders of the company, as follows: Fred S. Eaton, John Knox, Jr., Peter Ruppe, Dr. M. A. Thometz, Fred K. Guck, Fred L. Cowley and Frank J. Kohlihaas.

MOTORCYCLE ACCIDENT.

While driving his motorcycle at a rapid clip through Allouez last evening, Victor Krovonoff of Renova was suddenly thrown off the vehicle and suffered severe injuries. The accident was caused by the fact the front tire of the machine blew off. It is expected he will recover.

The condition of Arvin Beaudoin, who was injured in a motorcycle accident in Calumet this week, is reported at the Calumet Public hospital, as slightly improved.

WILL PROMOTE CO-OPERATION

"Get Together" Project for Com-
munity Up-Lift Organizations.

The need of closer co-operation between various local organizations engaged directly or indirectly in social and community up-lift, among them the Associated Charities, Playground Association, Calumet Girls' club, Good Will Farm, Salvation Army, various fraternal, church and other charitable and semi-charitable organizations, was pointed out at yesterday afternoon's regular meeting of the Calumet Woman's club, an open meeting, in charge of the civic committee. The suggestion that steps be taken to bring about a meeting of representatives of these various organizations to the end that they may systematize their work, avoid duplication and work together in every possible manner, probably will be acted upon shortly. It is the thought of those who broached the project, that "get-together" meetings of this nature, held at intervals of about one month, would lead to much good, a closer affiliation and better understanding by workers in all of these movements of the needs of aims of each.

The members of the club yesterday gave much thought for development of community spirit among Calumet and copper country citizens.

There was an interesting talk by Mrs. F. S. Vastbinder, president of the Park and Playground association along these lines. Miss Clarice Jones, secretary of the Calumet Associated Charities, told of the work being done by this body and Mrs. McRae one of the leaders in the Calumet Girls' Club movement spoke briefly. Each of these separate organizations were largely brought about through the desire of the Calumet Woman's club to be of benefit to the community.

BEGIN SCHOOL CENSUS.

Enumerators to Make Annual Canvass in Calumet Township.

The taking of the annual school census of District No. 1 of Calumet township will be commenced next week under the direction of Josiah Penberthy, assisted by Norman Johnson. These enumerators will call on each family in the district between now and June 1, and ask that residents be prepared to give the names, ages and birthdays of all their children who are between the ages of five and twenty years. The age of the child on his last birthday prior to June 1 is desired. By having this information at hand, the enumerators will be greatly assisted.

Last year there were 7,894 children of school age in District No. 1 of Calumet township, an increase of about \$9 over the total of the preceding year. It is difficult to estimate whether an increase or decrease will be shown this year, because of the great number of residents who have left the district and the great number of new arrivals. It is rather to be expected that a slight decrease will be noted for the present school enrollment is slightly larger than one year ago.

In District No. 2. At the next regular meeting the board of education for school District No. 2 will appoint an enumerator for the school census in that district.

CALUMET CONGREGATIONAL.
